November 2010

What do you use for performing and delivering Root Cause Analysis?

PROACT® is the single most powerful system available that will resolve your problem solving challenges. PROACT® will get to the bottom of recurring problems caused by physical, human and/or latent roots making a significant contribution to your bottom line.

**Reliability Center, Inc. President
Uses PROACT® for Personal Problem Solving
Case of the Automobile Wheel Bearing Failure**

Rear Passenger Wheel

Mark Latino, President of Reliability Center, Inc. doesn't use his company's PROACT® Methodology and Software just for clients. He explains and illustrates in this article how he also uses PROACT® for his car and motorcycle problems. Watch how Mark uses PROACT to solve the wheel problem that the dealership was unable to do. He proved it by examining the parts and building a logic tree proving his case. You will want to read this because this same scenario has surely happened

to you. PROACT can solve ANY problem, big or small.

For the whole story and to download the PDF version visit Mark's [Special RCA Info](#) page. There are also photos included of the bearing parts Mark discussed.

About Our Products: RCI's PROACT® Root Cause Analysis System is enhanced by knowledge management solution tools that allow the dynamic documentation of successful logic used to solve any problem. The process will guide you through all the steps to a revealing Root Cause Analysis. If your current RCA results are not making an impact on your bottom-line... then we invite you to visit us and see how we've helped thousands of companies regain value lost assets with complete reliability training and software tools.

PROACT® is available as an Enterprise Network Software that includes FMEA/OA, RCA and Trending. Our newest addition to our suite of products is the PROACTOnDemandsm RCA Web Application.

Complete logic trees faster, securely and better than ever! Sign up below to get started with your FREE 48 Hour Guest Demo Account.

Expert PROACT® RCA instruction is also available. Call 800-457-0645 for details.

Fine tune your RCA skills today with a FREE 48 Hour Guest Account which will enable you to experience first hand the future of RCA. RCI has built an online management system to house and protect all of your RCA data. Each subscription engages your private secure database for ultimate performance of your RCA process.

Work seamlessly with any problem solving method to produce successful RCA results. PROACTOnDemandsm delivers amazing performance using industry standard technology and security.

Noon - 12:30 pm (EST)

Upon registration we will send you your LiveMeeting Code. It's as easy as that.

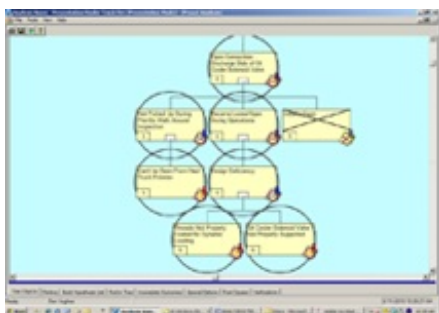

HAULER TRUCK FIRE MOVIE

On the surface analyzing fires would appear to be difficult due to the amount of destruction normally involved

with these types of catastrophic incidents. See how PROACT® helped a mining company in Canada solve their Hauler Truck fire. The solution was applied to their entire fleet.

View this special event movie to see exactly how the investigation was handled including photographs and logic tree creation.
